Technical Details

This Request for Qualifications was prepared based upon the Workforce Innovation and Opportunity Act of 2014 (WIOA) and associated U.S. Department of Labor Regulations and guidance. This Federal Law was implemented to consolidate, coordinate, and improve employment, training, literacy and vocational rehabilitation programs in the United States. Mandatory core program partners include: Adult, Dislocated Worker, Youth, Wagner-Peyser, Adult Education and Literacy, and Vocational Rehabilitation, along with required partners specified in the Act. Offerors are strongly encouraged to read Training and Employment Guidance Letter 04-15 issued by the U.S. Department of Labor that outlines the vision for the One-Stop system under WIOA.

The three hallmarks of WIOA include:

1. The needs of businesses and workers drive workforce solutions, and local boards are accountable for this within the communities they serve.
2. One-Stop Centers provide excellent customer-centric services and focus on continuous improvement; and,
3. The workforce system supports strong regional economies and plays an active role in community and workforce development.

WIOA is built around the following key principles:

- Increase access and opportunity, particularly for those individuals with barriers to employment, to ensure success in the labor market.
- Support the alignment of workforce investment, education, and economic development systems in support of a comprehensive, accessible, and high-quality workforce development system.
- Improve the quality and labor market relevance of workforce investment, education, and economic development efforts to provide workers with the skills and credentials necessary to secure and advance in employment with family-sustaining wages, and to provide employers with the skilled workers they need to succeed in a global economy.
- Promote improvement in the structure and delivery of services to better address the employment and skill needs of workers, jobseekers, and employers.
- Increase the prosperity of workers and employers and the economic growth of communities, regions, and states, and the global competitiveness of the United States.

Providing businesses with the skilled workforce they need to compete in the global, regional, and local economies is central to Arkansas's vision in implementing the Federal Act. Arkansas's workforce system provides a talent pipeline through the

establishment of partnerships between State and local entities, businesses, economic development, education, and community stakeholders. To ensure that the workforce system efficiently meets the needs of both the businesses and the jobseekers that it serves, Arkansas's workforce agencies have jointly developed the State's workforce plan with the intent that this vision is carried out in each of the local workforce development areas through their Workforce Centers.

The One-Stop Operator will be the point of contact regarding issues pertaining to customer complaints that are substantive to the required partners operating in the comprehensive and affiliate One-Stop Centers. This will include convening partner meetings on a regular basis as well as stakeholder meetings including all core program partners and advising the Administrative Entity and Board Staff on partner operational challenges and successes.

In support of the WIOA MOU the One-Stop Operator responsibilities will also include:
